Pesticide Resources

Specific information about suspected pesticides may be obtained from the following resources:

Pesticide labels (specifically note the US EPA registration number)

Safety Data Sheets (SDS, formerly Material Safety Data Sheet)

Employers

County Agricultural Commissioners

California Poison Control System (CPCS)

1-800-411-8080

Excellent source of information for treatment advice and assistance. CPCS can report pesticide illnesses for physicians.

Reporting Pesticide Illness in California

Physicians must report pesticide illnesses using one of these methods:

Call or fax the local health officer. Numbers for each county can be found at:

<https://www.cdph.ca.gov/Pages/LocalHealthServicesAndOffices.aspx>

Call the California Poison Control Center at:

For general public: 1-800-222-1222

For health care providers: 1-800-411-8080

Report it on the Confidential Morbidity Report form available at:

<https://www.cdph.ca.gov/CDPH%20Document%20Library/ControlledForms/cdph110a.pdf>

In many counties physicians can report electronically using CalREDIE, the California Reportable Disease Information Exchange at:

<https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/CalREDIE-HELP.aspx>

Additional Requirements for a Work-Related Case of a Pesticide Illness

Physicians must report as stated above and in addition: Send the Doctor's First Report of Occupational Injury or Illness to:

- Employer or insurer within 5 days of first visit
- Local Health Officer within 7 days of first visit
